## OBJECTIVE

---

I am a Computer Science undergraduate who enjoys solving problems through technology and building applications that make everyday tasks simpler. Through academic projects and continuous learning, I have developed skills in programming, web development, and data handling. I am seeking an opportunity to work in a collaborative environment where I can learn, contribute, and grow into a skilled software engineer.

## EDUCATION

---

|                                                                                           |                |
|-------------------------------------------------------------------------------------------|----------------|
| <b>United College of Engineering &amp; Research, Prayagraj</b>                            | 2023 – Present |
| Bachelor of Technology, Computer Science and Engineering                                  | 7.20 CGPA      |
| <b>Springfield Public School, Ambala, Haryana</b> 12 <sup>th</sup> standard — 2023 — CBSE | 72.2%          |
| <b>Foundation School, Buxar, Bihar</b> 10 <sup>th</sup> standard — 2021 — CBSE            | 71.6%          |

## TECHNICAL SKILLS

---

**Languages:** Python, Java, C, SQL

**Web Technologies:** HTML, CSS, JavaScript, React.js

**Python Libraries:** Pandas, NumPy, OpenCV, Face Recognition

**Core CS:** DBMS, Operating Systems, Computer Networks, OOP

## PROJECTS

---

### **Bunk Pro** – Smart Attendance Calculator

- Built a web app to calculate safe bunk limits using dynamic logic
- Designed responsive UI and deployed on Vercel
- Tech Stack: HTML, CSS, JavaScript

### **Face Recognition Attendance System** – Offline Attendance Management

- Developed a face recognition-based attendance system
- Built an intuitive desktop GUI with automated CSV attendance export and record management
- Tech Stack: Python, OpenCV, Face Recognition, CustomTkinter, SQLite

### **Notes Summariser** – AI-Based Study Tool

- Developed a web application to summarize notes from PDFs, documents, and text inputs
- Implemented logic to generate concise and easy-to-understand summaries
- Tech Stack: HTML, CSS, JavaScript

## CERTIFICATIONS & LEARNING

---

- **Python** , GUVI (HCL & Google for Education Partner)
- **Data Analyst Internship**, Bluestock Fintech (May 2026 – Jul 2026)
- **PBEL Virtual Internship in Cyber Security** , IBM (SkillsBuild)
- **Pitching Event 2025** , Entrepreneurship Cell (E-Cell), UCER
